About Us

Based on the corporate philosophy of "**Nexus-ism**"

(Driven by perfection, we embrace innovation, reliability and exceptional service for all our associates and customers.)

developed over long corporate history, NEXUS conducts activities according to the corporate objective to "strive towards perfection through leading innovation in healthcare delivery system."

A Rock-solid Foundation

NEXUS, set-up by dynamic team members having rich experience in the pharma industry, based at Mumbai, is well equipped to provide its associates and customers with the knowledge, wide market reach and partnership to shape healthcare delivery. NEXUS has reinforced patient care through superior knowledge, an extensive industry reach and an innovative partnership perception with pharmacies, vendors and manufacturers globally.

An Aspiring Leader

Today, NEXUS aspire to become leader in global pharmaceutical sourcing and distribution services. As part of the leading distributors NEXUS is well positioned to help customers capitalize on the dynamic changes in healthcare offering wide spectrum of services and solutions, including specialty logistics, storage of medicines, pricing, product sourcing and commercialization and many more.

Mission

Delight all our customers & decision makers with the highest value innovative products and services.

Vision

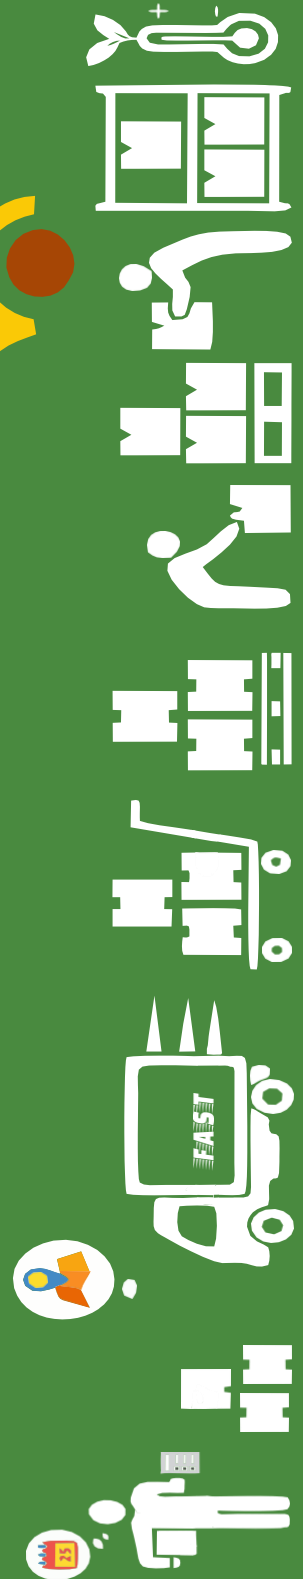

To be the leader in offering comprehensive supply chain solutions for customers, to be the strategic collaborator of choice for stakeholders as an integrated solution provider.

Values

To achieve our commitment, we have set-up core values that provide foundations for our services: Quality. Affordability. Partnership. Respect. Integrity. Responsibility. Accessible.

WELLNESS. DELIVERED.

We provide a unique business model to the drug delivery market, by offering its services as Logistics Service Provider, Storage Facilities, Distributionship and Consignee Agent for major MNCs, all Specialty Medicine under one roof..that's NEXUS!!.

Integrated Pharmacare Logistics

The solutions of Integrated Logistics will flexibly support our associates and customers' requirements helping to efficiently source, make, deliver and service their products on a global scale.

In challenging times, one needs suppliers and logistics teams that can be really relied upon. That's why NEXUS promises to deliver the products they need, when they need them, at a fair price. We provide high core service levels to customers in terms of frequency of delivery, product availability, delivery accuracy, timeliness and reliability at competitive prices.

We're committed to keeping that simple promise, every day. We work with manufacturing companies, pharmacies and hospitals to shape our services around their requirements. And we get their products to the people who need them – patients.

**Join hand with reliable partner
having sound knowledge of
healthcare system.**

pharma delivery chain healthy..

NEXUS EDGE

Customer proximity – it's a matter of trust.

We can assure optimum solutions by working closely with our customers.

We have the technology and expertise to take product from plant to pharmacy. Our network of facilities can provide scalable, cost-effective, customized delivery options for our customers. We believe that reliable supply starts with a fully transparent, rigorous process at every site, every day. Our efficient process allows for visible progress and resource coordination. There are dedicated new product introduction management resources, market analysis, infrastructure development, customer contacts, doctor-patient database and transparent regular reviews.

Proven excellence in distribution

Have two offices based in the heart of the city of Mumbai in India. We have prompt and reliable delivery system for quick and timely delivery.

Extensive Inventory Management supports tracking and efficient decision making

Fully-trained most comprehensive professional workforce

Our scale and reach give us the flexibility to accommodate even the tightest schedules

State-of-the-art technology ensures reliability, security and optimum customer support

Continued expansion into International and Domestic markets represents an important plan of the Company's long-term strategy and growth as planned. Company's phenomenal growth since its foundation has been built upon sound commercial and marketing principles. We consider knowledge of industry to be our key strength and concentrate significant resources in this area.

Since 2008, the Company has developed extensive database and obtains regular feedback on customer purchasing patterns and preferences and doctor prescribing habits. These detailed information are used to direct the Company's promotional spend, sales force activity, product development programmers and to identify new product opportunities.

We.....never give up

People

"Talent wins games, but teamwork and intelligence wins championships."

Management of the logistics at NEXUS is based on rapid reaction and traceability, enabling us to respond rapidly and effectively to our customers' requirements, thereby ensuring first-class service combined with security and customer satisfaction.

Our experienced & passionate people exceed customer expectations. A daily point of contact keeps communication lines short and flow of information tight. The combination of extensive knowledge and experience of the healthcare sector in our team and the new management vision of the company, proved a catalyst for further growth.
